

# Grasslot Governor's Newsletter

*Working together to find the spark in every child and fan it into a flame.*

Hello, my name is Angela and as well as being a teacher at Grasslot Infant School, I am also a Parent Governor.

I have been a Governor for almost two years now, starting when my son Arlo was in Sunbeams. I am on the Teaching and Learning Committee and the Building and Resources Committee.

Within my role as a Governor, I attend regular meetings to support with monitoring, as well as speaking with staff and pupils. Joining Grasslot Governing Body has been a very positive and interesting experience, that has allowed me to develop valuable skills.

This term in school, the  
Governors have:

- ❖ Completed monitoring of SEND Provision & Safeguarding (including some supervision).
- ❖ Met to discuss Finance; Staffing; Health & Safety and Teaching & Learning.
- ❖ Completed subject monitoring using a new proforma to support discussions with staff.
- ❖ Spent a dinner time with the children to listen to their views about school.
- ❖ Received a report from the headteacher detailing the school development plan progress.
